RE: Order 19109209

Dear Mr. Fiscella,

Intelius purchases public records and other publicly available information for our database. We do not update, or otherwise edit, the information received.

When requesting a people report, it is important to note that the report will yield results for anyone in the specified state with the same search criteria (first and last name). If the specific criminal record you are referring to does not match up with your information (date of birth, race, etc.) , then the criminal record does not pertain to you.

We appreciate your cooperation in resolving this matter and apologize for any inconvenience.

Best Regards,

A handwritten signature in black ink, appearing to read 'Stanley J. Willoretta', is positioned above the printed name.
